SGRR University is dedicated to upholding the core values of its educational mission, emphasizing excellence in education and research. Through a comprehensive and holistic educational model, the university remains at the forefront of academic innovation, nurturing students to become leaders and contributors to societal progress.

Cc = The institution is committed to fostering continuous learning and equipping students with the skills necessary for creativity, problem-solving, and leadership. Critical thinking, intellectual development, and the pursuit of academic excellence are deeply embedded within the university's educational philosophy. By encouraging the practical application of classroom knowledge through laboratory experimentation, SGRR University ensures that students develop the competence and confidence required to excel in their chosen fields.

Luka Distinctive Features of SGRR University

P — + Strategic Location: The centrally located campus offers convenient access to the railway station — and bus stand, with ample local transport options readily available.

= + Holistic Pedagogical Approach: The curriculum is meticulously curated by distinguished academicians, with classrooms equipped with state-of-the-art technology to facilitate an immersive 21st-century learning experience.

OUR USP S + Esteemed Faculty: SGRR University prides itself on its dedicated, highly qualified, and motivated faculty. The institution's low faculty attrition rate is a testament to its supportive and cohesive academic environment.

+ Enhanced Employability: The Training and Placement Cell bridges the gap between academia and industry by organizing industry visits, CSIR laboratory tours, conferences, seminars, Educational workshops, and guest lectures. Students are offered pre-placement opportunities based on their Excellence performance during summer training programs.

+ Learning & Information Resource Centre (LIRC): The university's well-stocked libraries cater to all the needs of students, faculty, and researchers, offering access to numerous e-learning resources, including WHO publications, NPTEL, and prominent e-journal databases such as ScienceDirect, Emerald, INFLIBNET, and DELNET.

Number of

Students + Comprehensive Personality Development: The university conducts regular personality studying development sessions and English Language Finishing Classes in a fully equipped Language Laboratory, fostering communication proficiency and confidence among students.

+ Research-Driven Environment: SGRR University actively promotes research through peer-reviewed publications, research projects, consultancy services, and financial grants for participation in academic and research platforms. This robust research ecosystem cultivates an enduring spirit of inquiry among students and faculty alike.

of Alumni

SGRR University offers exceptional value to a diverse student body by guiding them toward their career aspirations through personalized, well-supported, and industry-relevant learning opportunities. This commitment to academic rigor and student success makes SGRR University an outstanding choice for those seeking excellence in higher education.

At the School of Management and Commerce Studies, we are committed to provide an academic environment that encourages

intellectual growth, practical application, and innovative thinking. Our curriculum is designed not only to meet the demands of

today's global marketplace but also anticipate future trends and challenges in management, commerce, and healthcare. This

ensures that our graduates are well-equipped to become leaders in their respective fields, whether in corporate world,

entrepreneurial ventures, or healthcare organizations.

The School of Management and Commerce Studies offers a diverse array of courses at both the PG and UG levels, along with a Ph.D.

program in Management, Commerce, and Hospital Administration. Our aim at the School of Management and Commerce Studies is

to equip students with the knowledge, skills, and practical insights needed to thrive in a rapidly changing global landscape.

Our courses are carefully designed to provide both theoretical knowledge and practical skills. Students explore key areas such as

organizational behavior, financial management, marketing strategies, entrepreneurship, healthcare management, and much more.

Within our portfolio, we provide a wide range of programs designed to cater to the diverse needs of students aspiring to excel in the

fields of Business Administration (MBA and BBA), Hospital Administration (MHA and BHA) and Commerce (B.Com and M.Com).

This undergraduate program(BBA) is designed to provide students with a strong foundation in business principles, management

strategies, and organizational behavior.

The BHA program focuses on developing the skills required to manage healthcare institutions effectively and efficiently.

The B.Com program provides a comprehensive understanding of accounting, finance, business law, taxation, and economics. It is

designed for students who wish to pursue a career in commerce, accounting, or business management.

The Undergraduate program equips students with the essential skills required to excel in the business world.

The MBA program is tailored for those looking to advance their careers in the business world. It offers an in-depth understanding of

management principles and practices, strategic decision-making, and leadership.

Our MBA in Hospital Administration is designed for those who wish to specialize in healthcare management at an advanced level. It

covers key areas such as healthcare policies, financial management in healthcare, hospital operations, and patient care

management.

The M.Com program offers an advanced level of education in commerce, providing a thorough understanding of business

management, financial management, taxation, and business law. foundation for pursuing doctoral studies in commerce or related

fields.

Whether you are looking to advance your career, embark on entrepreneurial ventures, or make a significant impact in healthcare

administration, we are here to help you achieve your goals and shape your future.

School of Engineering & Technology at SGRR University has been established to prepare competent IT professionals with sound

technical knowledge, skills and innovative thinking. The School provides flexible academic programs to study the emerging

disciplines of IT sector and tries to maintain higher technical standards with a working group of highly motivated, learned and

experienced faculty. The school offers MCA, BCA, B.Sc(IT), B.Tech. CSE (Specialization-Artificial Intelligence and Machine Learning)

and Ph.D. program to students with an objective to produce dynamic computer professionals with excellent technical competence

analytical ability professional ethics and industry ready skills. The school puts strong focus on practical learning and ensures

interaction with experts through series of lectures, workshops, seminars and industrial visits. It prepares students for a computer-

oriented career to keep up with the rapid technology advances.

Vision of School of Engineering & Technology is to produce competent IT Professionals to meet the global IT industry demand,

through training in latest cutting edge technology, research and innovation and cultivate globally skilled professionals in Software

Development & Research. School of Engineering & Technology is Committed to developing competent ethical and Industry ready

Professionals through excellence in education innovation and experiential learning our Students are working as Software Develepe,

Web Developer, Full Stack Professional, Mobile App Developer, Data Engineer, AI/ML engineer, Cloud Engineer, Devops Engineer,

Cyber Security Analyst, Ethical Heaber Network Engineer, System Administration & as Scientiets Network in several IT Companies

use TCS, Infosys, Wipro, IBM, HCL, Tech Mahindra, Deloitte, Oracle, Adobe, Accenture, Microsoft, Google, Amazon etc.

School of Pharmaceutical Sciences, a pioneer in Pharmaceutical Education with a rich legacy of academic excellence and incredible

achievements. We offer an array of courses viz B. Pharm-4 years, M. Pharm - 2 years in five specializations (Pharmacy Practice,

Pharmaceutics, Pharmacology, Pharmaceutical Quality Assurance, Pharmaceutical Chemistry and Pharmacognosy), Pharm. D - 6

years, Pharm. D (Post Baccalaureate) - 3 years, D. Pharm*-2 years, and Ph.D. School of Pharmaceutical Sciences aims to provide quality

Pharmacy Education to fulfill the requirements of Pharmaceutical Industries and healthcare sectors dedicated to the needs of the

society. To achieve excellence in Pharmaceutical Research, the School exemplifies student-centric education, a hands-on learning

experience with ICT-enabled classrooms, and well-equipped laboratories. To meet the growing international demands, the School of

Pharmaceutical Sciences has set a benchmark in offering Hospital-Oriented programs i.e. Pharm. D, Pharm. D (PB.) since 2015 and M.

Pharm. (Pharmacy Practice) program since 2004. The Pharm.D. program at SGRRU gives a global edge to the students and enables

them to advise, consult, and help doctors in patient medication counselling. It also imparts skills required for patient care, research,

and community wellness. It is a six-year Hospital training-based course and the students enrolled get acquainted with actual

pharmacy practices or Clinical Pharmacy services in hospital settings across the Globe. Practical training is conducted at Shri Mahant

Indiresh Hospital, a 1250-bed super specialty tertiary care Hospital funded by SGRR Education Mission. More than 40 highly

qualified, dedicated, and experienced faculty members are serving with full commitment to the betterment and career enhancement

of budding Pharmacists. The School possesses modern and state-of-the-art infrastructure, a Drug Information centre, a Herbal

Garden, an Animal House, a Central Instrumentation lab, and a well-resourced library.

Science is the foundation of human progress, shaping our understanding of nature and enhancing the quality of life. Through

innovation and evidence-based inquiry, it addresses global challenges in health, energy, environment, and technology, while

driving sustainable development, economic growth, and societal well-being. Science plays a crucial role in transforming knowledge

into meaningful impact for mankind.

The School of Basic & Applied Sciences (SBAS) promotes excellence in scientific education, research, and innovation across a broad

spectrum of disciplines, offering B.Sc, M.Sc., and Ph.D. programmes in Physics, Chemistry, Mathematics, Botany, Zoology,

Biotechnology, Microbiology, and Geology. SBAS academic philosophy is rooted in inquiry-based learning, experimental rigor, and

critical thinking, key hallmarks of science education at leading global universities. By integrating strong theoretical foundations with

modern laboratory training, field studies, and research-oriented projects, SBAS ensures the development of both conceptual clarity

and practical competence among students. Well-equipped laboratories and continuously advancing research facilities support

hands-on experimentation, interdisciplinary collaboration, and innovation-driven investigations using contemporary scientific

tools and methodologies. Highly experienced and research-active faculty members provide close mentorship through coursework,

laboratory supervision, dissertation guidance, and scholarly publications, fostering a culture of academic integrity, curiosity, and

continuous learning. The school further encourages active participation in seminars, workshops, conferences, and faculty

development programmes, promoting meaningful engagement with national and international scientific communities and

preparing students to address complex, interdisciplinary scientific challenges.

With a balanced emphasis on education, research, and skill development, SBAS prepares graduates for diverse career pathways in

academia, research institutions, industry, government services, and entrepreneurship. Committed to societal impact and

sustainable development, the School of Basic & Applied Sciences at SGRRU continues to advance scientific knowledge while

contributing meaningfully to national priorities VIKSIT BHARAT for the betterment of mankind.

SBAS warmly welcomes aspiring young minds and innovators to join a vibrant academic ecosystem that nurtures curiosity, fosters

research excellence, and empowers students to shape the future through science.

Welcome to the School of Humanities and Social Sciences (SHSS)

The School of Humanities and Social Sciences (SHSS) stands at the forefront of academic exploration at Shri Guru Ram Rai University.

Offering a diverse range of fifteen disciplines, including Literature, Journalism and Mass Communication, Social Sciences

(Geography, Economics, Statistics, Psychology, History, Political Science), Music, Drawing and Painting, and Food Nutrition and

Dietetics, SHSS provides a vibrant array of academic programs. These programs not only focus on in-depth study within core

subjects but also encourage interdisciplinary learning, fostering a holistic and enriching educational experience.

AMultidisciplinary Approach

Our academic programs are crafted to transcend traditional boundaries, addressing the complexities of today's socio-economic

and political landscapes. At the School of Humanities and Social Sciences (SHSS), we create a dynamic platform where research,

teaching, and creative pursuits converge. This environment nurtures critical thinkers, equipping them to tackle the challenges of the

21st century with confidence and insight.

Experienced Faculty

SHSS is proud to have a distinguished faculties comprising experienced educators, researchers, and practitioners. Their extensive

expertise and active engagement in their respective fields ensure that students receive cutting-edge knowledge and guidance,

blending theory with real-world relevance.

Research Opportunities

Believing in the transformative power of research, SHSS actively encourages students to engage in meaningful research endeavors.

From pursuing independent studies to collaborating on groundbreaking projects with faculty, students have ample opportunities to

explore their interests, contribute to academic discourse, and make an impact.

Join Us

Whether your aspirations lie in academia, journalism, the arts, or beyond, SHSS provides a vibrant community where intellectual

curiosity and innovation thrive. Join us at SHSS and embark on a journey of discovery, creativity, and academic excellence. Together,

let's push the boundaries of what's possible and shape the future.

Welcome to the School of Agricultural Sciences at Shri Guru Ram Rai University

Established under the esteemed Shri Guru Ram Rai Education Mission in 2005, and now proudly thriving as a school of Shri Guru

Ram Rai University since 2017, the School of Agricultural Sciences stands as a beacon of excellence in agricultural education and research.

Accredited by the National Agricultural Education Accreditation Board of ICAR, New Delhi, our institution has been recognized

with the prestigious Himalayan Education Excellence Award for Best Higher Educational Institute in Agriculture for consecutive

years in 2021 and 2022.

Our faculty comprises highly experienced and dedicated members committed to delivering top-notch education. With expertise

spanning various fields such as crop science, animal science, agricultural economics, and sustainable agriculture, our professors are

passionate about nurturing student success.

At the School of Agricultural Sciences, we prioritize career placement and development. Our dedicated placement cell collaborates

closely with leading agricultural companies and organizations to provide our students with excellent job opportunities upon

graduation. Many of our alumni have embarked on successful careers in the agricultural sector.

We offer a range of undergraduate, postgraduate, and Doctorate degree programs in fields including Agronomy, Horticulture,

Entomology, Genetics & Plant Breeding, Plant Pathology, Seed Science & Technology, and Soil Science. Our undergraduate

program is aligned with the Vith Dean's committee report and emphasizes experiential learning through programs such as the

READY initiative and Experiential Learning Programs (ELPs).

Spanning over 50.0 hectares of land, our campus provides extensive practical learning opportunities for students. From practical

crop production areas to specialized units including orchards, poly houses, vermicomposting units, and more, our facilities are

equipped to develop well-trained manpower for Agricultural Industry.

The School of Agricultural Sciences is dedicated to train young minds into dynamic, committed, and self-motivated professionals

and technocrats of high intrinsic value. We strive to impart higher education in agricultural sciences, creating human resources

necessary

for agricultural development at both national and global levels.

Join us at the School of Agricultural Sciences, where academic excellence meets practical innovation, and together, we cultivate a

brighter future for agriculture.

In pursuit of excellence, the constituent Institutes of SGRR University have collaborated with various International and National

Universities and Institutes. These collaborations expand the student experience, faculty growth, contributions and impact of our research.

Collaborations with our foreign colleagues are essential to the success of our global activities. Collaborations have been formalized

through Agreements/MOU's that have documented our relationship with our partners and expectation of each Institute.

The SGRR University has signed a MoUs with so many industries PAN India:

1. Shri Guru Mandal Ashram 25. B-School Bulls 42. Friends of Himalaya, Samiti 26. i-School connect Dehradun, UK.

* Registration form along with information brochure can be obtained from www.sgrru.ac.in or from the University on payment of

a prescribed fee Rs. 1000/- (non refundable) through online mode or from admission cell, ShriGuru Ram Rai University, Patel Nagar, Dehradun.

* Candidates wishing to receive the application form through post should send his/her request along with a prescribed fees.

* Candidates are advised to carefully check their own eligibility before applying for registration.

¢ All information given in the form must be correct and complete. Incorrect and misleading information is liable for cancellation of

admission at any stage.

* Registration form duly completed must reach the University (Admission Cell) on or before the date mentioned in Admission Notice.

© If applying for more than one course, a separate form for each course has to be submitted duly filled.

Points to be noted

* Student who fails to deposit the academic fee within given time will cease to be a regular student of the University. However re-

admission can be granted on payment of Rs. 1000/- as re-admission fee subject to full filling the other criteria of University/AICTE/UGC/ PCI/INC/MCI whatever applicable.

* Students seeking admission in hostel will have to apply at the time of admission separately. Hostel will be allotted on first come first

serve basis. Annual fee and mess charges will have to be deposited at the time of admission.

* University without any prejudice reserves the right to change or delete any information, fee structure etc without prior notice.

© Any dispute will be subject to the jurisdiction of Dehradun District Court only.

* An Anti-Ragging undertaking has to be submitted by the Parents/ Guardians of students seeking admission in any programme of

University.

Refund Policy

The refund policy will

be strictly as per

Student's Grievance Redressal System: The University has established a 'Student's Grievance Redressal Cell' which provides friendly mechanism

to the students to report their grievances and the cell provides effective solution to the grievances as and when they are reported. This promotes

friendly environment in the University by promoting Student-Student & Student- Staff relations.

Internal Complaint Committee: To evolve a permanent mechanism for the prevention and redressal of sexual harassment cases and other acts of

gender based violence at the University. This committee ensure the implementation of the policy in letter and spirit through proper reporting of the

complaints and their follow-up procedures. The committee create a secure physical and social environment to deter any act of sexual harassment

and to promote a social and psychological environment to raise awareness on sexual harassment in its various forms.

University Proctorial Board: In order to maintain a cordial atmosphere in the University, the Proctorial Board has been set up which is the highest

disciplinary authority of the University. The board helps students in solving any problems and also ensures that disciplinary rules are properly

followed.

Anti Ragging Committee: Ragging is criminal offence and lowers the standards of education. In order to curb the menace of ragging, the University

has formulated an 'Anti Ragging Committee' which ensures that the campus is ragging free & it generates a high level of confidence with the new

students & their parents & guardians.

Pride and sense of belongingness: All student will look upon themselves with pride and sense of belongingness to the SGRRU family with good

conduct, discipline and maintain the decorum of the university.

All students shall follow code of conduct of the University: Use of alcoholic beverages, drugs, smoking, gambling possession of lethal weapon,

anti- social activity, theft, property damage are all strictly forbidden inthe campus of the university

Use of cell phone: Use of cell phone is strictly prohibited inside, class rooms, library, laboratories, computer lab, language lab, conference hall and

during functions of the university.

Valuables: No students shall be in possession of any valuable or heavy cash amount while in the university campus. In case of any loss, it will be

entirely individuals responsibility.

Driving motorized vehicles: Students driving two wheelers shall be in possession of valid driving license. Use of helmet is compulsory. Hostlers are |

notallowed four/two wheelers in the hostel.

Dress Code: Wearing of prescribed uniform by students is mandatory 5 |
